

ABC Fall Newsletter 2011

Welcome Note

The Alliance for Better ChildCare welcomes you for a year of workshops, conferences, events and networking. We look forward to seeing you again or meeting you for the first time. ABC has been a non-profit for over 20 years and we are still going strong. It is because of our long time loyal members and the many new members we get each year that we stay this way. We hope you take advantage of all your membership has to offer by coming to the workshops and conference we host and participating in our events. We hope to give you all that you want out of your membership. If there is something else you are looking for please send us an email and let us know. We are always open to new ideas. Thank you for joining us!!
